**COST SAVINGS**

The Purleave Bundle ensures costs are minimized in the washroom while maximizing health and hygiene.

- Eliminates need for High Cost Paper Towels
- Eliminates time and costs to clean up the paper towels on the floor
- Eliminates time and costs to remove and replace trash bins
- Eliminates the costs of repairing vandalism related to paper towel clogs in urinals and toilets

**HEALTH & HYGIENE**

With an estimated 30% hand washing compliance and the Global threat of germ cross-contamination, the latest survival strategy among today's washroom patrons has become simple: "Don't touch anything!"

- 'Never-Been-Touched' Hygienic Door Handle ensures a clean exit
- No Touch Hand Dryer
- Hygienic Door Handle sleeves incorporate an antimicrobial to further ensure cleanliness
- Independent research shows 30% reduction in aerobic bacteria with hand dryers compared to paper towels

**WASHROOM IMAGE**

Purleave's automated and 'no-touch' washroom fixtures significantly improves public hygiene and cleanliness, which leads to a healthy image among guests.

- Automated & No Touch systems that control cross-contamination lead to satisfied employees, customers and partners
- Eliminates the unsightly mess of trash bins overflowing with volume intensive paper towels
- Eliminates the wet and dirty paper towels that end up on the floor
- Eliminates the clogging of urinals and toilets with paper towels, which leads to bacteria infested water overflowing
